

Fight Against Substance Abuse CSI Project

The Corporation hosted the Fight Against Substance Abuse Corporate Social Investment in partnership with Tsantsabane Alcohol and Drug Services (TADS) in Tsantsabane, Postmasburg, Northern Cape Province. The initiative was focused at increasing the fight against drug and alcohol abuse by the youth. Substance abuse remains one of the high contributors of road carnages in this age group.

In addition, the Corporation provided soft toys to the children affected by substance abuse admitted in hospital and contributed towards the refurbishment of the TADS community centre that offers free substance abuse rehabilitation and counseling services to the affected citizens and households from the surrounding communities. The event took place on the 23rd September 2016. The initiative received the support of the MEC's office, local hospital, local councilors and the community at large.
