

RTMC Indoor Mobile Library Corporate Social Responsibility Project

On the 26th June 2017 the Road Traffic Management Corporation (RTMC) donated the RTMC Indoor Mobile School Library to Hambani Primary School in village of Daggakraal, Mpumalanga. The school did not have a library and is the first in the community to have the library that will serve the learners with more than 700 books on mathematics, science, South African history, English and indigenous languages translation dictionaries, story books, spelling and alphabet books, etc.

The purpose of the initiative is to assist in contributing towards the curbing the need for public schools in South Africa to have functional libraries, focusing on the schools from the disadvantaged and rural communities and to further contribute towards the progress and academic development of learners through inculcating the culture of reading, speaking and writing. To also grow a strong interest in the learners in the field of Mathematics and Science which is a critical skill required in our country.
