

Learner Support and Back to School CSR Project.

On the 30th March 2017, the Corporation hosted its Back to School CSR Project at Mbabalana Senior Primary School in Mbabalana Village, Libode, Eastern Cape, where the Corporation provided Two-Hundred and Sixty Nine (269) learners with reflective RTMC branded school bags, road safety reflective strips and RTMC branded reflective water bottles as majority of the learners travel long distances, a minimum of 6km a day and long hours to school on a daily basis, with the aim of contributing to their visibility and safety on the roads.

The Furthermore, the Forty One (41) learners that have been identified by the School's Social Welfare to be in need of social intervention were provided with school shoes. Some of the learners came to school barefoot, while others used casual shoes to school as they are from households that cannot afford to provide school uniform to the learners.

The Corporation also through the Learner Support Programme assisted in funding the school fees of a learner, who is from a child headed household that survives on State Social Grant and handouts from the community. The Corporation's CSR aims to contribute towards the development and programs aimed at improving skills levels and road safety in our communities.
